CREATING A MOVEMENT WITH TEETH
A Documentary History of the George Jackson Brigade

Edited by Daniel Burton-Rose
Preface by Ward Churchill

Bursting into existence in the Pacific Northwest in 1975, the George Jackson Brigade claimed 14 pipe bombings against corporate and state targets, as many bank robberies, and the daring rescue of a jailed member. Combining veterans of the prisoners’ women’s, gay, and black liberation movements, this organization was also ideologically diverse, consisting of both communists and anarchists. Concomitant with the Brigade’s extensive armed work were prolific public communications. In more than a dozen communiqués and a substantial political statement, they sought to explain their intentions to the public while defying the law enforcement agencies that pursued them.

Collected in one volume for the first time, Creating a Movement with Teeth makes available this body of propaganda and mediations on praxis. In addition, the collection assembles corporate media profiles of the organization’s members and alternative press articles in which partisans thrash out the heated debates sparked in the progressive community by the eruption of an armed group in their midst. Creating a Movement with Teeth illuminates a forgotten chapter of the radical social movements of the 1970s in which diverse interests combined forces in a potent rejection of business as usual in the United States.

ACCOLADES
“Creating a Movement with Teeth is an important contribution to the growing body of literature on armed struggle in the 1970s. It gets us closer to knowing not only how pervasive militant challenges to the system were, but also the issues and contexts that shaped such strategies. Through documents by and about the George Jackson Brigade, as well as the introduction by Daniel Burton-Rose, this book sheds light on events that have until now been far too obscured.”

“The popular image of the 70s urban guerrilla, even on the left, is that of the student radical or New Left youth activist kicking it up a couple of notches. Daniel Burton-Rose’s documentary history of the George Jackson Brigade is an important corrective in this regard. The Brigade, rooted in prison work, white and black, straights, bisexuals and dykes, was as rich a mixture of the elements making up the left as one could perhaps hope for. We all have much to learn from the Brigade’s rich and unique history.”
