

Turning Terrestrial Tides Tarot Deck

Sara Calvarese

We're in turbulent times. The US is experiencing its first Pluto Return, and Uranus, Neptune, and Pluto are all set to move into new zodiac signs in the near future.

The astrology suggests that we're collectively standing on the precipice of a major shift here on Earth. So, how do we use this astrological energy of change to our advantage? The 78 tarot archetypes invite us to self-reflect and entertain curiosity around designing our future within our larger communities. During these times of intense transformation, tarot can act as both a mirror and an anchor for personal empowerment, reminding us that we write our tomorrow. This DIY quality is reflected in the Turning Terrestrial Tides Tarot artwork. The travel-friendly, poker-sized deck was created in the approachable cut-and-paste collage style of 90s zines and includes the astrological linkages to each tarot archetype as well as words to reflect on, both on the cards and within the included mini guidebook.
