

BIG NOISE DISPATCHES 05

Big Noise Tactical Media

Wars crush our humanity. Defeats splinter our movements. Corporate media turns a blind eye to our mounting crises and a cynical one to the people who stand up against them.

Against a tide of ignorance, isolation and cynicism, *Big Noise Dispatches* take you around the world to look war and crisis in the face, but also to witness a shared struggle for survival and dignity in this time of violence.

• **Return of the Warlords:** Afghanistan's most notorious warlord is back—at the invitation of the president. Karzai hails his warlord allies as national heroes, but what does their return to political prominence mean for Afghan democracy? (21 min)

• **Curveball:** Six years into a disastrous war in Iraq, stories have emerged about a staggeringly incompetent pre-war intelligence effort that got nearly everything wrong... but the truth is much more troubling. (21 min)

• **Broke Down in Motor City:** Detroit was once the epicenter of American industry. Today, it is a city in crisis. Broke Down in Motor City is the story of this crisis, and of the people fighting to save their homes and their city. (21 min)

• **The Continuing Occupation:** As the American occupation grinds on, Iraq remains in ruins, with over 1 million dead and 4 to 6 million refugees who have not begun to return home. How did the occupation turn into this, and what went wrong? (10 min)
